

ITMA 2015

www.itma.com

12 - 19 NOVEMBER
FIERA MILANO RHO
MILAN, ITALY

SOURCE SUSTAINABLE SOLUTIONS

at the world's largest integrated textile and garment
manufacturing technologies showcase

Discover sustainable solutions at ITMA 2015

With growing awareness about environmental protection and social responsibility, the textile and garment industry understands that sustainable sourcing is no longer just an option; it has to be integrated as a dynamic process throughout the entire value chain.

ITMA 2015 will showcase cutting-edge and sustainable manufacturing technologies, thus enabling innovation among businesses to make a positive impact on the environment. A global platform, it connects various stakeholders looking for partnerships and collaboration opportunities across the entire textile and garment value chain.

What to expect at the show

- 200,000 sqm exhibition space
- Over 1,500 exhibitors from more than 40 economies
- 100,000 visitorship from over 140 economies

Be part of the industry's most established event

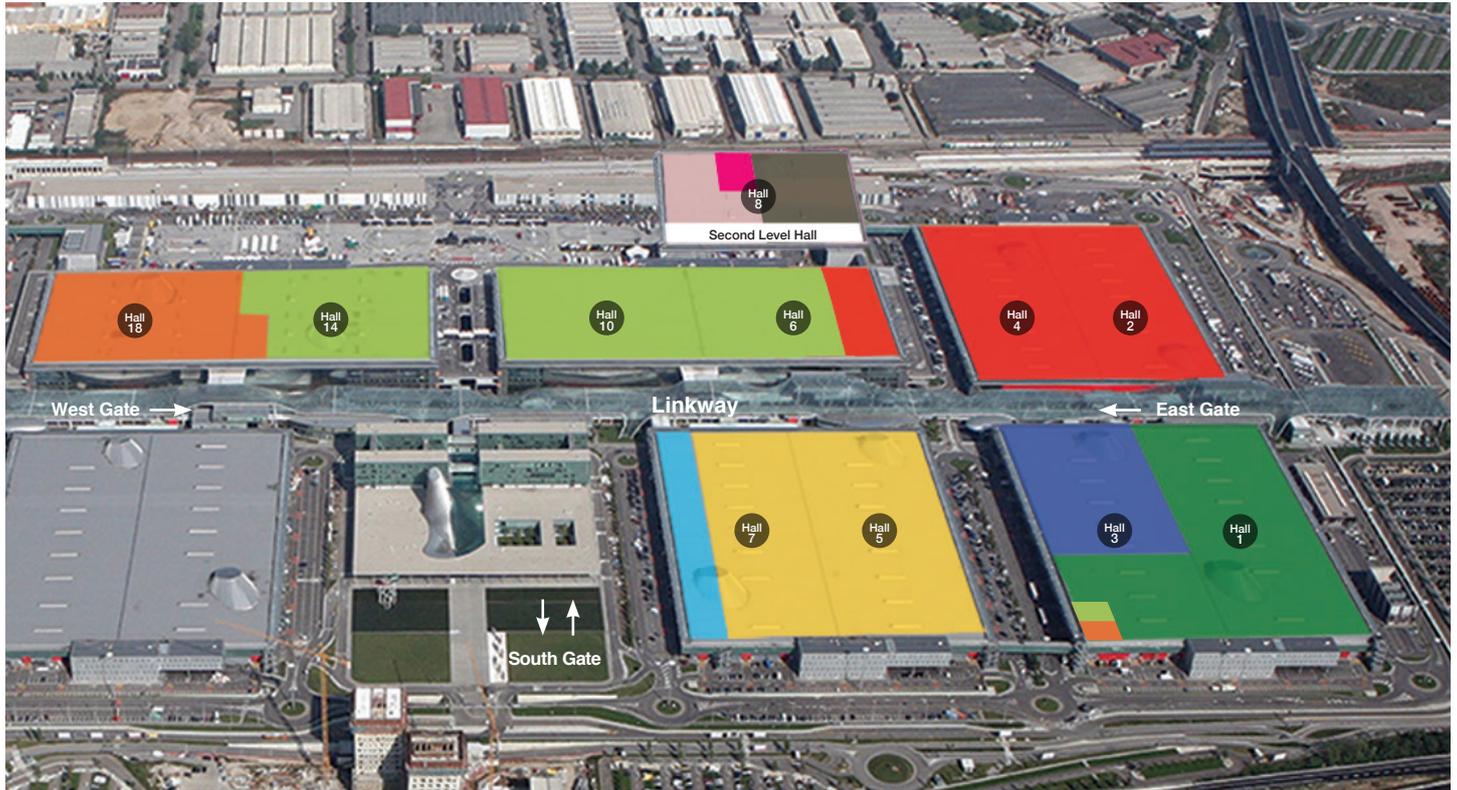

MASTER THE ART OF
**SUSTAINABLE
INNOVATION**

- Raw materials, sustainability standards & certification and technologies for responsible manufacturing
- Exciting manufacturing technologies and processing techniques for advanced materials
- Expanded fibre & yarn sector including a new sub-chapter on recycled fibres and yarns
- Emerging and sustainable printing technologies
- Enhanced Research & Innovation Pavilion
- Knowledge sharing and networking at various conferences and forums

Plan your visit today. Log on to www.itma.com for the latest list of exhibitors!

The integrated textile & garment manufacturing technologies showcase

Featuring innovative products and services for the entire value chain

Chapter 1

Machinery for spinning preparation, man-made fibre production, spinning, auxiliary machinery and accessories

Chapter 2

Machinery for winding, texturing, twisting, auxiliary machinery and accessories

Chapter 3

Machinery for web formation, bonding and finishing of nonwovens and felting, auxiliary machinery and accessories

Chapter 4

Weaving preparatory machinery, weaving, tufting machinery, auxiliary machinery and accessories

Chapter 5

Knitting and hosiery machinery, auxiliary machinery and accessories

Chapter 6

Embroidery machinery, auxiliary machinery and accessories

Chapter 7

Braiding machinery and accessories

Chapter 8

Washing, bleaching, dyeing, drying, finishing, cutting, rolling and folding machinery, auxiliary machinery and accessories

Chapter 9

Printing machinery, digital printing machinery, auxiliary machinery and accessories

NEW

Chapter 10

Garment making machinery, other textile processing machinery, auxiliary machinery and accessories

Chapter 11

Laboratory testing and measuring equipment and accessories

Chapter 12

Transport, handling, logistics, storing and packing equipment and accessories

Chapter 13

Equipment for recycling, waste reduction and pollution prevention and accessories

Chapter 14

Software for design, data monitoring, processing and integrated production

Chapter 15

Colourants and chemical auxiliaries for the textile industry

REBRANDED

Chapter 16

Equipment and products to ensure machinery and plant operations

Chapter 17

Services for the textile industry

Chapter 18

Research and educational institutions

Chapter 19

Natural fibres, man-made fibres, technical fibres, natural yarns, synthetic yarns, technical yarns and recycled fibres and yarns

Legend

■ Weaving

■ Nonwovens Production

■ Spinning & Testing, Winding & Texturing

■ Knitting & Hosiery, Embroidery & Braiding, Garment & Textile Processing

■ Logistics, Testing, Equipment for Plant Ops, Services for Textile Industry

■ Colourants & Chemicals

■ Recycling, Software, Research & Innovation, Fibre & Yarn

■ Printing

■ Finishing

■ CEMATEX and Association Villages

World-class knowledge sharing platform

2nd World Textile Summit

13 November 2015

The 2nd Summit will explore sustainability strategies that create business value in the textile manufacturing value chain. It comprises expert presentations and interactive panel discussions, designed to offer a global perspective on the opportunities and challenges that face the textile industry. For more information, visit www.worldtextilesummit.com

Organising partners:

CEMATEX, MP Expositions and World Textile Information Network

Textile Colourant & Chemical Leaders Forum

14 November 2015

Launched at ITMA 2011, this Forum drew lively participation from dyestuff, colour and chemical professionals from around the world. At ITMA 2015, the agenda will focus on sustainability in dyeing and finishing processes.

Programme committee: Associazione Italiana di Chimica Tessile e Coloristica (AICTC), Dyestuffs Manufacturers Association of India, The International Federation of Associations of Textile Chemists and Colourists (IFATCC), Latin American Federation of Textile Chemists, and Society of Dyers and Colourists

Nonwovens Forum at ITMA

16 November 2015

NEW

With an overall theme of 'Nonwovens: A World of Growth and Opportunities', this Forum seeks to address pertinent issues, challenges and opportunities in the rapidly evolving world of nonwovens.

Organising partners: EDANA and MP Expositions

Open to all ITMA 2015 visitors

Speakers Platform at Research & Innovation Pavilion

15 – 17 November 2015

Renowned research and education institutions will present their innovative research capabilities and new technologies for the textile industry at this educational platform.

Co-located with ITMA 2015

Digital Textile Conference

15 November 2015

With the theme 'Production Digital Printing of Textiles: The Next Phase', the conference will deliver a comprehensive presentation on new developments. For more information, visit www.digitaltextileconference.com

Organised by: Digital Textile magazine and World Textile Information Network

Visit www.itma.com for participation details and more co-located events.

Milan, the city of fashion and culture, welcomes you

One of the world's fashion capitals, Milan has a long history within the fashion, clothing and textile industries. The city boasts a rich list of fashion and design institutes known for their global standards of excellence.

Be in awe by the centuries of history and modernism as you explore famous sights such as the Duomo, one of the grandest Gothic cathedrals in the world; La Scala, an established opera house and Leonardo da Vinci's The Last Supper.

While in Milan, explore various picturesque sights surrounding the city such as Lake Como, Lombardy, Mantua and Sabbioneta. For more information, visit www.turismo.milano.it.
